Easiest Way to Remove
Ugly Hairy Growths

(Beauty Culture)
Here is a method for removing
hair from arms, neck or face that
is unfeeling and is quite inexpensive.
Mix a thick paste with some powdered
delatone and water and spread on
hairy surface. After 2 or 3 minutes,
rub it off, wash the skin and every
trace of hair has vanished. No harm
or inconvenience results from this
treatment, but be careful to get
genuine delatone and mix fresh.

The Times, adopting the French
view, declares that the fact that Ger-
many can produce Stinnes, Menes-
mann, Thuesens and Krupp, of vast
and increasing income and who are
piling up new capital, proves that
Germany can pay a large sum in in-
demnities.

Other papers point out that before
the war there were scarcely more
than a hundred Germans, outside the
Hohenzollern family, rated as worth
a million marks or more, while now
there are more than a thousand.

Without bias it may be said that it
is difficult to weigh and determine the
truth of everything one reads, or is
told, in these days.

But out of it all, the one safe bet
is that Hugo Stinnes, Germany's first
billionaire, is an object of much keen
interest, careful observation and much
speculation in England.

**DR. HARRIGAN'S
ADVICE TO THIN,
NERVOUS PEOPLE**

It's worth your while to read what
a New York specialist has to say
about the nervous and brain con-
dition that Peoples Drug Stores and other
leading druggists sell so much of
these days. He writes:

"Let those who are weak, thin, nerv-
ous, anaemic or run-down, take
natural unadulterated substance such
as Bitro-Phosphate and you will soon
see some astonishing results in the
increase of nerve energy and strength
of body and mind."

Bitro-Phosphate is a pure organic
phosphate such as good physicians
prescribe to increase weight and
create abundant nerve force.

CAUTION: Although Bitro-Phosphate
is an excellent aid in relieving weak,
nervous conditions, its use is not advised
unless increased weight is desired.

**COUGHED SO HARD HE
WAS READY TO DIE**

But He Recovered Quickly and
Gained 9 Pounds in 5 Weeks.

"Last December I caught a heavy
cold, which left me with a deep-
seated cough. I coughed so hard it
would start the blood. I thought I
was a goner, until I tried Milks
Emulsion. I used a bottle at once,
and my cough was gone, and I
have gained nine pounds in five
weeks. If anyone doubts it, let them
write me."—Chas. L. Walters, 147
So. 18th St., Pittsburgh, Pa.

When hundreds upon hundreds of
people tell you of just such recovery,
just such gains in weight, it must
be worth your trying, at least. A
trial costs nothing.

Milks Emulsion is a pleasant, nu-
tritive food and a corrective medi-
cine. It restores healthy, natural
bowel action, doing away with all
need of pills and cathartics. It pro-
motes appetite and quickly puts the
digestive organs in shape to assimila-
te food. As a builder of flesh and
strength, Milks Emulsion is strongly
recommended to those whom sick-
ness has weakened, and is a power-
ful aid in resisting and repairing the
effects of wasting diseases. Chronic
stomach trouble and constipation are
promptly relieved. It produces re-
markable results in colds, coughs
and bronchial asthma.

This is the only solid emulsion
made, and so valuable that it is
eaten with a spoon like ice cream.
Truly wonderful for weak, sickly
children.

No matter how severe your case,
you are urged to try Milks Emulsion
under this guarantee: "Take six bot-
tles home with you, use it according
to directions and if not satisfied
with the results, your money will be
promptly refunded." Price, 75c and
\$1.50 per bottle. The Milks Emulsion
Co., Terre Haute, Ind. Sold by
Peoples Drug Stores and all first-
class druggists.

**Stomach
on Strike
20 Years
Eaton's Settled It!**

"Eaton's is wonderful," says C.
W. Burton. "I had been a sufferer
from stomach trouble for 20 years
and now I am well."

Eaton's gets right after the cause
of stomach troubles by taking up and
carrying out the acidity and gases
and, of course, when the cause is re-
moved, the sufferer gets well. If you
have stomach belching, indigestion,
food repeating or any other stomach
trouble, take Eaton's tablets after
each meal and find relief. Big box
costs only a trifle with your drug-
gist's guarantee.

Before that he had been of
daily growing importance in Euro-
pean news, for he was emerging from
the comparatively nonentity of his
financial dominance into the world
of politics, through his purchase of
newspapers throughout Germany. He
is popularly credited with control of
more than sixty newspapers.

It is no secret that the intelligence
services of the Allies has had him un-
der review, so to speak, long before
this. They promptly made further
inquiries when he launched his news-
paper buying campaign. And since
that time the press of England has
become a self-appointed watchdog of
the doings of the German Rockefeller.
His movements are frequently
chronicled. His new combines of capi-
tal and industrial resources are
always printed. They have been
numerous. It is perhaps no exaggera-
tion to estimate that at least once a
week, during the past few months,
some item of news has come out of
Germany which tells of an important
financial move by Stinnes each time
along the trust building line so fa-
miliar in America a score of years
or more ago. There are even reports
that the workers of the various Stin-
nes undertakings are trying to form,
not trades unions in the ordinary
sense of unifying workers of single
trade into single countrywide unions,
but an amalgamation, or a federation
of all the local unions, whose mem-
bers are working for Stinnes.

IS DOMINATING FACTOR.
Taken in the mass, the fragmen-
tary information about the German
super-magnate paints a picture of
awesome size. Whatever the govern-
ments think, and they at least con-
sider him a dominating factor in
European affairs, the press is keeping
tabs on Stinnes as though he were
Wilhelm himself.

The Evening Standard diplomatic
correspondent, in fact, goes so far as
to say that he is the one man in Ger-
many today who has power and in-
fluence comparable to that of the ex-
Kaiser in the old days of his Potsdam
sojourn.

The Daily Chronicle, official organ
of the present coalition government
of England, through its Berlin cor-
respondent, casts frequent limelight on
the new billionaire, also carrying on,
simultaneously, a series of revelations
regarding Germany's revival of trade.
It records a record year on the stock
exchange, millions being poured
through investments into new pro-

jects, the formation of a shipping
trust and many more items of sim-
ilar kind.

The Times, adopting the French
view, declares that the fact that Ger-
many can produce Stinnes, Menes-
